PROSPECTUS

Ref.: J5-CS-45929

Title:	Workshop on Nuclear Safety Tailored for Regulators
Subject:	Safety Assessment of Electrical Power and I&C Systems
Place:	Daejeon, KINS, Republic of Korea
Date:	17 – 21 June 2013
Deadline for nominations:	17 May 2012
Organizers:	Korea Institute of Nuclear Safety (KINS)
Target countries:	This workshop is designed for staff of regulatory authorities and its technical support organizations from the ANSN Member States.
Participation:	The workshop is open to participants from South East Asia, Pacific and Far East countries.
Language:	The workshop will be conducted in English.
Purpose of the training course:	The purpose of the workshop is to provide useful knowledge and regulatory practices on safety assessment in topical areas of electrical power and I&C systems of nuclear power plants (NPPs).
Qualifications:	<p>Candidates should have a science or engineering degree, preferably related to nuclear energy and be professional staff of Nuclear Safety Regulatory Bodies or Technical Support Organizations (TSO).</p> <p>As the workshop will be conducted in English, participants should have sufficient proficiency to follow lectures and express themselves in this language without difficulty.</p>
Nature of the workshop:	This activity was proposed by the Education and Training Topical Group within the framework of the Asian Nuclear Safety Network (ANSN). The objective of the ANSN is to pool, analyse and share existing and new technical knowledge; and practical experience to further improve the safety of nuclear installations in Asia.

**Application
procedure:**

Nominations need to follow the ANSN online nomination process (www.ANSN.org). And then, if required by the participant's authorities, the completed forms should be endorsed by and returned through the established official channels (the Ministry of Foreign Affairs, the National Atomic Energy Authority or the office of the United Nations Development Programme). They must be received by the International Atomic Energy Agency, P.O. Box 100, A-1400, Vienna with copy to Mr. Se Won Kim (k119ksw@kins.re.kr) FAX +82-42-8614046, **no later than the deadline for nominations**. Nominations received after that date or applications which have not been routed through one of the aforementioned channels cannot be considered.

In case of technical problems with the online procedure advance nominations can be sent via e-mail to Mr. Ho Kee Kim (H.Kim@iaea.org), Project Manager Officer. The e-mail should contain the following basic information about the candidate(s): name, age, sex, academic qualifications, present position including exact nature of duties carried out, proficiency in English, and full working address (including telephone and fax numbers and e-mail) to enable the IAEA to make preliminary evaluation of the candidates.

**Administrative
and financial
arrangements:**

Nominating Governments will be informed in due course of the names of the selected candidates and will at that time be given full details on the procedures to be followed with regard to administrative and financial matters.

During their stay at the workshop, participants will be provided with their accommodation, food, and minor incidental expenses by the host organizer (Korea Institute of Nuclear Safety). Copy and shipment of accumulated course materials to the participants' home countries is not the responsibility of the IAEA.

The organizers of the course do not accept liability for the payment of any cost or compensation that may arise from damage to or loss of personal property, or from illness, injury, disability or death of a participant while he/she is travelling to and from or attending the course, and it is clearly understood that each organization, nominating, undertakes responsibility for such coverage. Organizations would be well advised to take out insurance against these risks.
