Evaluation by participants

- Please, fill out the Survey Monkey questionnaire for the evaluation
- It will help us improving the workshop content and structure
- For responding to the questions, please, visit

The screenshot shows a SurveyMonkey questionnaire page. At the top, there are logos for the IAEA (International Atomic Energy Agency) and the ANSN (Asian Nuclear Safety Network). The title of the survey is "Regional Workshop on the Development of Nuclear Safety Knowledge Management Programme for the Regulatory Body", dated "12 - 15 July 2022". A message asks participants to provide honest feedback to help improve the workshop, noting that the survey takes 5-10 minutes and responses are anonymous. Below this is an "OK" button. The first question is "1. Content: Presentations were well structured." with four radio button options: "Strongly agree", "Agree", "Disagree", and "Strongly disagree". The second question is "2. Content: Explanation in theoretical notion was adequate." with the same four radio button options. At the bottom, a progress bar indicates "0 of 22 answered".
